

CRONO MEETS MARLE

You are so impressed with the fair, you don't notice the girl in front of you and bump into her!

You bump heads.

You are given the option to change Marle's name if you wish.

Marle wants to stop and shop.

SAVE OFTEN

It is very important that you save your game often. At this point save your game.

MEET LUCCA

When you find Lucca, she and her father are trying to demonstrate their teleportation device. No one will try it. If you want to try, stand on the left platform. Remember to save first.

Lucca lets you in on what's going on.

You give it a try for Lucca.

Marle also wants to give it a try.

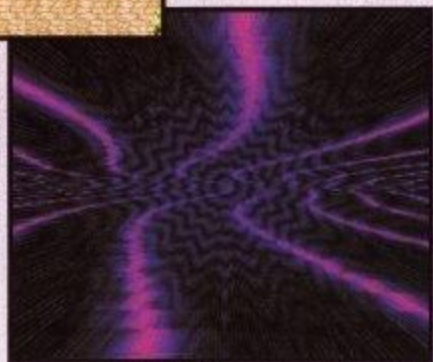

A Time Gate opens and swallows her up.

You need to go after her!

You are also pulled through.

Crono is gone...but where?
