

FROG APPEARS

Frog is the Queen's guard and has come to the cathedral to save her. He will also save you from the monsters.

Frog is very proper and galant.

Play the organ and a door will open.

Go through the door and you will find the Queen.

OPEN THE HIDDEN DOOR

You will soon come across a message on the wall. There is actually a door here, but you must hit the switch to open it.

Find the message. In the wall next to it is a hidden door.

Hit the skull switch and the spikes will again disappear.

After you beat the guards, play the organ.

The hidden door has now been opened.

Now you must fight the evil Chancellor.

Go to the skull switch and push it. The spikes will vanish.
