WINDOW COLOR
Use this to change the color of the text windows to suit your taste.

`12345678`

BATTLE GAUGE
There are two types of battle gauges. Here you can choose fast or slow, or turn the gauge off.

`Off    1    2`

BATTLE GAUGE: OFF

`Crono    HP 70/ 70    EP 8`

BATTLE GAUGE: 1

`Crono    HP 70: 8`

BATTLE GAUGE: 2

`HP 57: 8  EP  Crono`

### CONTROLLER
Here you can change the configuration of the buttons. For example, if you feel more comfortable using the B Button for action, you may do so.

```
Confirm  A
Cancel   B
Menu     X
Dash     B
Map      S
Warp     Y
```

```
Confirm  L
Cancel   S
Menu     A
Dash     X→R
Map      X→R
Warp     R→X
```

SKILL/ITEM DESCRIPTION
You may turn off the Tech Descriptions during battle if you want.

```
Use/Move      Organize
Restore 50 MP
Tonic       : 14  ITEM
Mid Tonic   :  9  ITEM
Ether       :  8  ITEM
Mid Ether   :  1  ITEM
Heal        :  7  ITEM
Revive      :  5  ITEM
```

CHARACTER EXCHANGE SCREEN

During play you may want to change your party's configuration. For example, occasionally a certain character is required to ask questions of others, and in battle, one character may be more effective than another.

To move characters around, move the cursor to a character and push A. Then move the cursor to where you want to place that character and push A.

If the window is dark, you cannot move the character displayed there.
